

## **SLAVERY AND HUMAN TRAFFICKING STATEMENT – YEAR ENDING 31<sup>ST</sup> DECEMBER 2024**

### **1. Introduction**

This is a slavery and human trafficking statement by ABC International Bank Plc ("Bank ABC", or "we").

The Modern Slavery Act 2015 makes it a crime to subject people to slavery, servitude, forced or compulsory labour, or human trafficking ("modern slavery").

Bank ABC adopts a zero- tolerance approach to involvement in modern slavery.

Whilst the nature of Bank ABC's business means that there is a low risk of becoming involved in these crimes, Bank ABC takes measures to ensure that neither we nor any of our suppliers subject anyone to modern slavery. We will terminate our relationship with any supplier that we identify as being involved in modern slavery.

### **2. Our Business Structure**

Bank ABC is registered in England and is a wholly-owned subsidiary of Arab Banking Corporation (B.S.C.), a bank based in Bahrain. We offer trade finance, real estate finance, Islamic financial services, and treasury services.

At the date of this statement, we have approximately 379 staff across our head office in London, our representative office in Turkey, and our subsidiary, Arab Banking Corporation SA, in Paris (which also has branches in Milan and Frankfurt).

Our supply chain covers a range of products and services including information technology equipment and services, insurance, building maintenance, security, cleaning and catering.

### **3. Risk Assessment**

During the period to 31 March 2025 we performed a further review of our supply and outsourcing arrangements, which included an assessment of related modern slavery risks. We still see our risk of directly employing victims of modern slavery as low however we are committed to ensuring that our supply chain is free from these practices. Of our main suppliers, most do business in the UK or Europe, or offer low-risk products or services. All suppliers are consistently screened as part of our ongoing due diligence process.

Some suppliers are located in higher-risk countries or offer higher-risk services such as security, cleaning and catering. As part of our annual review of suppliers, which ensures effective monitoring of our business and supply chains to verify that they are free of modern slavery, we also collate and review the Modern slavery statements of our suppliers (where applicable).

### **4. What we do in relation to our Staff and Supply Chain**

We recognise our responsibility to ensure that our suppliers have fair and ethical labour practices. The annually updated Vendor Code of Conduct sets out the wide range of expectations that we have

of our suppliers, including compliance with all applicable laws, statutes, regulations and codes in force relating to, amongst other things, modern slavery.

When hiring staff we only make use of reputable recruitment agencies, who provide the necessary assurances and checks on candidates. We further undertake our own due diligence, including document checks and ensuring candidates are aged 16 or above. We pay our staff competitive market salaries and rewards, plus other benefits including health, welfare, and pension options.

## **5. Customer KYC**

Bank ABC employs a dedicated KYC on-boarding team who review all customers at the point of on-boarding and at regular intervals thereafter. Bank ABC's procedures include an explicit requirement to screen all customers and related parties for any adverse media pertaining to modern slavery.

## **6. Training, Awareness and Development**

A section on modern slavery is included in our Financial Crime training programme, which is mandatory for all staff. We also provide additional guidance to staff directly involved in procurement to assist with the reduction of the risks of modern slavery in our business and supply chain.

Bank ABC is committed to an open culture. Our Code of Conduct and Employee Whistleblowing Policy require and encourage staff to report any knowledge or suspicion of criminal activity or other wrongdoing, including modern slavery, to the Senior Management team or through our whistleblowing procedure, and provide a secure, anonymous framework in which to do so.

This statement has been approved by the Board of Directors and will be reviewed annually.
